公司介绍(Company Introduction)

LEEBIKE
绿 康 车 业

Ningbo Lvkang Vehicle Co.,Ltd is located in Ningbo city, Zhejiang Province, which is only 90km away from Ningbo Port, and 200km away from Shanghai Port. We are a manufacturer specializing in designing and manufacturing electric bikes and electric scooters since 2005. We own a plant area of 12000㎡, including workshops of frame welding, frame painting, motor production, and assembling production lines, which allows our annual output capacity to reach 50000 sets.

Our company offers a responsible and professional R&D team corresponding to customers' unique requirements. We also possess inspection facilities to monitor every procedure and detail by testing frame strength and battery/motor/display electric system performance. We are certificated to ISO9001; BSCI. Our products could also be certified to CE, EN15194, ROHS, UL2849, or other standards certificates.

Customer satisfaction is our goal, and we want to be your reliable partner. Thus, we present a dedicated team corresponding to each stage of operation, building a mutually beneficial business relationship.
